## BIJOU THEATER HAS TWO FINE FEATURES

One is a Griffith Production and the other a Knickerbocker Special.

Blanche Sweet and Henry Walthal are on the Bijou screen today in a special feature, "Oil and Water," produced under the personal direction of the celebrated D. W. Griffith, one of America's foremost motion picture directors. This picture is a master effort and ranks high among Mr. Griffith's productions. Another important picture on today is the Knickerbocker three act special, "Nancy of Stony Isle," a beautiful sea romance. This

**"Vaporize" Croup or Cold Troubles**

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to \$1.00.

THE GENUINE HAS THIS TRADE MARK:

**"VAPORUB"**

**VICK'S Croup and SALVE**

Everything you need; One Cent Sale, Thursday, Friday and Saturday, Sturm & Wilson's.

a neat one act comedy picture, "A Romance in New York." Thursday's program will be an important one. Miss Nell Craig, Essanay leading woman, will be the star in a three part love drama, "The Crucible." She is assisted by an all star cast and the picture is away beyond the ordinary features. Francis X. Bushman and Beverly Bayne will be seen in a three act special, "In the Glare of the Lights."

James H. Bradbury, the comedian, who enacts the role of the manager of a burlesque troupe in the Selig Red Seal play, "A Black Sheep," formerly was leading comedian with the famous theatrical production, "Along Came Ruth."

Mary Pickford, one of the foremost screen actresses, whose list of triumphs is too great to enumerate, increases the number by her latest characterization of Little Pal in the production of the same name by the Famous Players Film Company on the Paramount program today at the Robinson Grand. "Little Pal" is an original story woven about the star, and it provides her with abundant opportunity for "Pickfordisms" and the constant demonstration of the qualities for which Little Mary is universally famous.

The added picture on this bill is the Paramount Travelogue. Tomorrow by special request, there will be a return of Frederick Perry in the astounding photoplay, "Dr. Rameau."

Arrangements have just been concluded for an American tour of Mrs. Langtry, who in private life is Lady De Brie. She will come to this country next month with her entire London company in a new play by Sydney Drew, entitled "Mrs. Thompson."

Wiseacres who decry the use of printer's ink as a medium of publicity are advised to go and see "It Pays to Advertise," Cohan and Harris' latest play success, which is to be presented in the near future at the Robinson Grand.

"It Pays to Advertise" is a farce that was the reigning laughing hit at the George M. Cohan theater in New York all last season. It was written by Rio Cooper, Megreue, author of "Under Cover," and Walter Hackett. This ingenious comedy will, it is said, do more to boost the advertising business than any argument the smartest of advertising men could think of. Indeed, this show contains about the best arguments that a convention full of promoters could think up in a month. Moreover, it is full of laughs and what is more to the point: it is clean.

An entirely new play, called "A Night Out," is being presented for today and tomorrow at the Palace theater by Bobby Hagan's Interna-

Comedian and Chorus of Bobby Hagan's International Comedy Company Now Playing at the Palace Theater.

tional Comedy Company. There are many new features in the offering and the costumes, songs and jokes are new and entirely different from those of the successful opening bill.

During the company's engagement here, each of the performers will put on a specialty. In the current offering, Bert Page does a clever contortion act, Bobby Hagan, by request, does a black-face comedy specialty, assisted by Billy Hagan and C. Churchill sings new ballads. Other extra stunts are included in the program.

Today's picture offerings include "His Father's Rifle," a three-part Selig production, and "A Visit to His Home Town," an Edison drama, featuring Rose Tapley and Paul Kelly.

Back to the stage for Bud Duncan? "Nay, Pauline!" emphatically declares the diminutive Kalem comedian. Bud was offered a long vaudeville engagement while working in "Queering Cupid," a new comedy, the other day, but flatly declined it. "I'm having too much fun in motion pictures," said Bud.

Remarkably finished work, it is declared, is being done by William Desmond, the erstwhile Morosco matinee idol, who recently signed up with Luce and has already appeared in one subject.

Charming Mary Fuller with the aid of an all star cast of Broadway players appears in the mammoth Universal Broadway feature known to all, "Under Southern Skies," in five gorgeous acts full of tense situations and wonderful dramatic action today at the Orpheum theater.

Tomorrow, the beautiful star, Catherine Courtiss, aided by a clever cast of Broadway players, will be seen in the leading role of "The Avalanche" in five acts.

At the Odeon tomorrow afternoon and evening will be shown "The Exposition's First Romance" in five reels, one of the biggest and most beautiful spectacular western features ever filmed. It is an actual romance reproduced with the Panama-Pacific exposition as a background and featuring Miss Claire Freeman, of the "High Jinks" musical comedy company, and Duke R. Lee.

The romance dates back to the time when the couple were schoolmates in the Pecco country. Pretty Miss Freeman lived on the ranch next to that owned by Lee's father, and from their earliest memories the children were sweethearts. Then came a time when Lee secured a position on another ranch many miles from his old home and Miss Freeman took up stage life which carried her so far away that her old lover soon became a memory. Miss Freeman was on a tour of the exposition and seeing the 101 Ranch

### Clears Away Pimples

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy. Any drugstore can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequent, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is safe, clean, easy to use and dependable. It costs only 25c. an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin.

Zemo, Cleveland.

sign entered the enclosure. The first sight that met her eyes was that of Lee mounted on a bucking broncho. He caught sight of her at the same time and Miss Freeman's theatrical career met its doom on the spot.

This splendid picture will be shown tomorrow afternoon and evening in connection with the regular vaudeville show at the Odeon.

O. C. Ziegfeld, a well known young business man of Baltimore, who has been identified with a dramatic organization producing a number of clever entertainments, is about to enter into the legitimate field with company of young players in a musical comedy act, called "The Stay-aways," the story of a rural volunteer fire department, with music by Mark A. Welch and dancing numbers.

### AMERICAN

(Continued from page 1.)

fairly well matched in hitting according to the averages, but Barry is famous as one of the most dangerous men in the game at bat in a pinch, and has batted in more runs than many players who are many points ahead of him in the actual averages.

In the first base Luderus apparently has it on either Hoblitzell or Gainer is batting, but it is not at all certain he would have this advantage if he had not been favored by that short right field wall in the Philly park. Being a left handed whacker, Luderus has had many a fly out converted into a two base hit by that wall during the seventy-seven games he has played there, while both Hoblitzell and Gainer have been batting into less congested outfield all the year.

It is likely that Hoblitzell will do most of the first basing in the coming series, as Moran is not likely to use a left handed pitcher unless absolutely compelled to do so. Hoblitzell is several points shy of Luderus in batting and Gainer is closer to the former Cub infielder with the stick. There is little to choose be-

tween any two of them in fielding their position.

Red Sox Catchers Better. Behind the bat the Red Sox will have a pronounced advantage unless Killifer is able to do all the work, which is doubted. He is a better man on the whole than any one of the three Red Sox backstops, although not Cady's equal in swatting. Killifer is faster on his feet than Cady, Thomas or Carrigan, and the superior of the two last named in batting.

If Moran is compelled to use Burns behind the plate his team will be at a disadvantage no matter what catcher works for the Red Sox. Steadiness is absolutely necessary behind the mask in a world's series and the effect on Cady or Carrigan, who have been through the world's series test before, which neither Killifer nor Burns has.

A. L. Utility Men Good. The Red Sox are better protected against accident than the Phillies on the infield, as either Janvrin or Wagner can be used for any position except first base, and Carrigan has two first basemen. Byrne can be played at third or second, and Duguey is available in case of accident to Nishoff but lacks the experience of the Red Sox utility men. Hendrickson is Carrigan's side card for the outfield if any of his regulars get hurt, and although a great little man to slay in at bat in the pinch is not as good as any of Moran's quartet of outfielders, defensively considered.

"JACK" KNOX IN DANGER.

Friends of "Jack" Knox fear that his nerves will collapse if any of the championship games go into extra innings.

### RED SOX WELL SUPPLIED WITH CATCHERS

Carrigan (left) Cady (top right) and Thomas.

The Boston Red Sox are well stocked with backstops for the coming world's series. Carrigan, the catcher and manager of the team, has not been doing very much behind the bat but can be counted on in a pinch. Cady has been catching about seventy games and has been hitting a little below .300. Thomas has been doing most of the catching and probably will be the mainstay behind the bat for Boston in the big series.

### TO BUY STAR PITCHERS.

It is reported that a number of Clarksburg fans are raising a huge amount of money, which will be used to purchase Alexander, of the Phillies, and Toney, of the Reds, for the pitching staff of the Pittsburgh team. With these two men in good form next season it is figured that the Pirates would walk away with the National League pennant, and local fans would not have to travel so far to see a world's series championship contest.

### A SAFE BET.

If Alexander allows over twenty hits in any one game of the series it will be a safe bet that Pennsylvania will go Democratic at the next election.

### "PEGGY" HAS A HUNCH.

"Peggy" Doyle has a "hunch" that the Phillies are going to take the series. All persons who remember "Peggy's" "dope" in 1914 will take notice and "hedge" any bets they may have on the Phillies.

### HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Hundreds of the best druggists who have been in the drug business long enough to have their own opinion of the best way of selling medicines, say the plan adopted by M-I-O-na, the great dyspepsia remedy, is the fairest they ever heard of. The M-I-O-na people don't believe that a medicine ought to be paid for unless it does the user some good. And M-I-O-na is always sold under a positive guarantee to rectify dyspepsia, or to refund the money. You simply leave 50 cents on deposit with your druggist, and if after you have used the box of M-I-O-na, you decide that it has done you no good, all you have to do is to tell him so and he will return your money.

Hundreds of people can tell you how they have been relieved of stomach aches by using this remarkable remedy. It is not simply a food digestant; it is a medicine that puts all of the digestive organs into normal condition and gives ridy, glowing, vigorous health. A change for the better will be sign after the first few doses of M-I-O-na and its continued use will soon give the power to eat most anything at any time and not suffer distress afterward.

M-I-O-na is sold under a positive guarantee to refund the money if it does not stop all stomach distress. This is the strongest proof that can be offered as to the merit of the medicine.
